REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. The closest prior art is disclosed by U.S. Patent No. 6,106,119 to Edwards which discloses that a graphical valuation vocabulary (GVV) representing eye tracking data is superimposed with the image viewed by the subject. However, Edwards does not disclose or render obvious the limitations of acquiring data representing eye movements of one or more individuals, blurring an image based on a visual acuity gradient applied to the eye movement data so as to generate result data that graphically represents the eye movement data, and promoting the result data to a user-accessible state.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John R. Sanders whose telephone number is (571) 272-4742. The examiner can normally be reached on M-F 8:30 am to 5:00 pm.
